iPEGS Remote Set Up Packages

At iPEGS we believe that getting you set up properly at the start of using the system is absolutely essential if you are to gain the most benefit from using the iPEGS products.

Each of our set up packages has a set amount of time that we will dedicate to getting your forms created, company branding set up, discussing your form filling processes, training on the administration of the system with some additional dedicated support hours for anything you need once you go live.

Package	Price	Form Building	Training	Support
Basic (2 hrs)	£99.00	1 hour	30 mins	30 mins
Advanced (5 hrs)	£249.00	2 hours	1 hour	2 hour
Professional (10 hrs)	£499.00	6 Hours	2 hour	2 hours

* The above hours are set as a guide and can be flexible between the form building, training and dedicated support.

Training is conducted via live Webinar or can be pre-recorded as a video. Onsite Training is available on request at a price of £500.00 per day plus expenses.

Additional form building, consulting and dedicated support can be purchased on request.

iPEGS Remote Monthly Subscription Terms:

12 Month Term.

Monthly form credit limits are set as a guide - users can use as many form credits per month as they like. However, if the annual form credit limit is reached before the end of month 12 then the following options apply:

1. Form Credits can be purchased in bundles at the standard Pay As You Go rate to carry the customer over to the end of the current 12 month subscription.
2. A new Annual Subscription can be started alongside the current subscription as the previous subscription form credit allocation has been used up.

When a subscription package is activated the total number of form credits will be added to the account along with the start date and expiry date plus a field showing how long left until the end of the subscription.

When form credits are getting low a warning email will be sent to the admin email address and iPEGS accounts.

If form credits fall below 0 then forms will not be able to be submitted and a notification message will inform the user to contact the account admin email address.

Any unused form credits that are part of the annual subscription will expire at the end of the 12 month term.
